CODE RELAY

EVENT DETAILS

This event is designed to test coding speed, logical thinking, and teamwork through a relay-style programming challenge. Teams will compete by solving coding problems across multiple rounds where each member contributes individually and together to complete the ultimate coding heist.

- **Each team must consist of 2 members. Individual participation is not allowed**
- **Total Working Time: 2 Hours 30 Minutes (within 3-hour event schedule)**

ROUND 1: CODE BREAKER

- 45 Minutes | 3 Coding Problems | Only Member 1 from each team participates.
- Participants must solve the given coding challenges within the time limit.
- This round evaluates problem-solving speed, coding accuracy, and logical thinking..

ROUND 2: RELAY HACKER

- 45 Minutes | 3 Coding Problems | Only Member 2 from each team participates.
- The second team member will take over and solve a new set of coding challenges.
- This round tests individual coding ability and the team's overall performance.
- **Rounds 1 and 2 will begin simultaneously.**

ROUND 3: THE FINAL HEIST

- 60 Minutes | 4 Coding Problems | Both team members together
- Top-performing teams from Rounds 1 and 2 will qualify for the Final Round.
- In this round, both members must collaborate to solve advanced coding challenges within the time limit.
- This round focuses on team coordination, strategy, and advanced problem-solving skills.

GENERAL RULES
